

PRALINE

Presented by:
Tanya Jones, Education and Training Board
Ireland

About Us

One of the primary general objectives of this project is establishment, development and strengthening of the networks associated with the partner organisations in order to support regional, national and international collaboration with an aim of promoting Adult Learning Education. Development and strengthening of the networks will in turn strengthen the existing EUproVET network, a representational platform for European VET and Adult Education providers' associations at both national or regional level.

Goals

Objective 01

Expanding the
Network

Objective 02

Promoting and
Improving Adult
Learning and VET

Values

To Learn and Inspire

Learn from good practices
Be future proof
Give VET a prominent voice

To Influence Policy and Systems

Support national governmental decision making in VET
Grow and strengthen the network
Influence VET policy development on EU level

Become a Family

Share information and connections
Provide mentorship
Gain cultural and situational understanding of VET across europe

Peer Learning Activities (PLA)

PLA 1: France

Europe and the challenges of sustainability, greening and the circular economy

PLA 2: Spain

Good Practices in Lifelong Learning

PLA 3: Portugal

Inclusion of Adults, Employment and labour market

PLA 4: Ireland

Inclusion in VET

Peer Learning Activities (PLA)

PLA 5: Estonia

Upskilling and reskilling adults in digital age.

PLA 6: France

Sustainable Development Goals in VET and Adult Education

PLA 7: Finland

Learner Pathways, Inclusion and Employability

VET learners and labour market, access to adult education

PLA 9: Netherlands

Final Conferens and Recommendations

Helsinki PLA

01

Overview of the
VET System in
Finland

02

Solutions to
unemployment

03

Benefit of the
system
accommodating
co-education
for young and
older learners

04

Work based
learning

Results

PRALINE Report

Praline policy recommendations

Stronger and Larger network

What Next

New K3 Project

- Following recommendations EUproVET is working on a new proposal for K3 Project

Communication

- Opportunities for engagements and partnership

Policy Engagemnet

- Increased membership is influencing stronger representation at the EU and local governmental level.

Influencing VET Development

- Recommendations to be reviewed at the national level to identify practical approaches to dealing with the issues arising in VET

THANK YOU
